

Quality Statement

DMTC leads, facilitates and manages cooperative research and development in the defence and related sectors in manufacturing, engineering and applied science to create and enhance Australian industrial capability. The Defence and national security customers, industry and research sectors are key stakeholders.

Our Policy to Quality

DMTC's quality policy is to pursue our Vision and execute our Mission, working with our partners and applying our collaborative model.

We are committed to a quality management system that meets the requirements of ISO 9001 including continuous improvement.

Quality System Scope

Our quality management system covers DMTC staff and secondments conducting DMTC activities, it does not cover our partners nor their employees and other third parties. ISO 9001 Design and development of products and services clause 8.3 is not applicable in our system because we do not design and develop products and services.

Our Vision

To provide technology solutions enabling industry to enhance Australian Defence and national security capability.

Our Values

- Inclusive
- Committed
- Inspiring
- Trusted
- Integrity
